

# KHAYLAH ROSE

UPRISING COMPUTER ENGINEER

954-548-7027

khaylahrscholar@gmail.com

Jackson, MS

## Objective

Greetings, my name is Khaylah Rose. I am currently an uprising college Junior, class of 2025. I aspire to become a Computer Engineer so that I can help make a positive impact within our community.

## Experience

### Autodesk Strategic Foresight Web Developer - Summer 2023

*Intern*

During the summer of 2023, I interned with Autodesk. My role was to help create a dynamic web app that would make the FY 24 report interactive. This web application was programmed with ReactJs.

### Lilly HBCU Virtual Hackathon Winner - Spring 2023

*Student - UI Designer/ Android Developer*

During the Spring Semester of my sophomore year, I competed in the Lilly Medicine Hackathon. Our solution was an app we created called MEDISCAN. We created an app that displays all of Eli-Lilly medical data in a dynamic modernize way. I was the one of the team leads and developed/ designed the app with Android Studio, Kotlin, and Figma.

### BE SMART Hackathon Winner - Fall 2023

*Student - UI Designer/ Frontend Developer*

During the month of November, I competed in a Hackathon in Dallas TX sponsored by American Airlines. The challenge was to create an app that would benefit airline industries. Our team developed a full-stack application named SOAR. SOAR is a voice assistant who helps with pre/post flight experiences.

## Education
